

IS YOUR SEPTIC SYSTEM A TIME BOMB?

CAUTION

SEPTIC SYSTEM FAILURE

- A new septic system can cost \$\$\$\$ and cause major disruption.
- Septic systems do not last forever, it's just a matter of "when".
- Pumping is essential, however more is needed to maintain the good health of your system.
- Sewage can backup into your home requiring costly cleanup.

We have your solution...

INTRODUCING ECOHANCER™

A PROVEN ONE OF A KIND PRODUCT!

- ✓ 100% All-natural product that is University and real world tested and proven!
- ✓ Activates the existing biology in your system, improving the digestion of organic matter and overall system performance.
- ✓ Unlike other products that only soften organic matter and eventually clog up leach fields, **EcoHancer™** improves drainage by stimulating the consumption of organic matter that can otherwise affect the entire system's performance.
